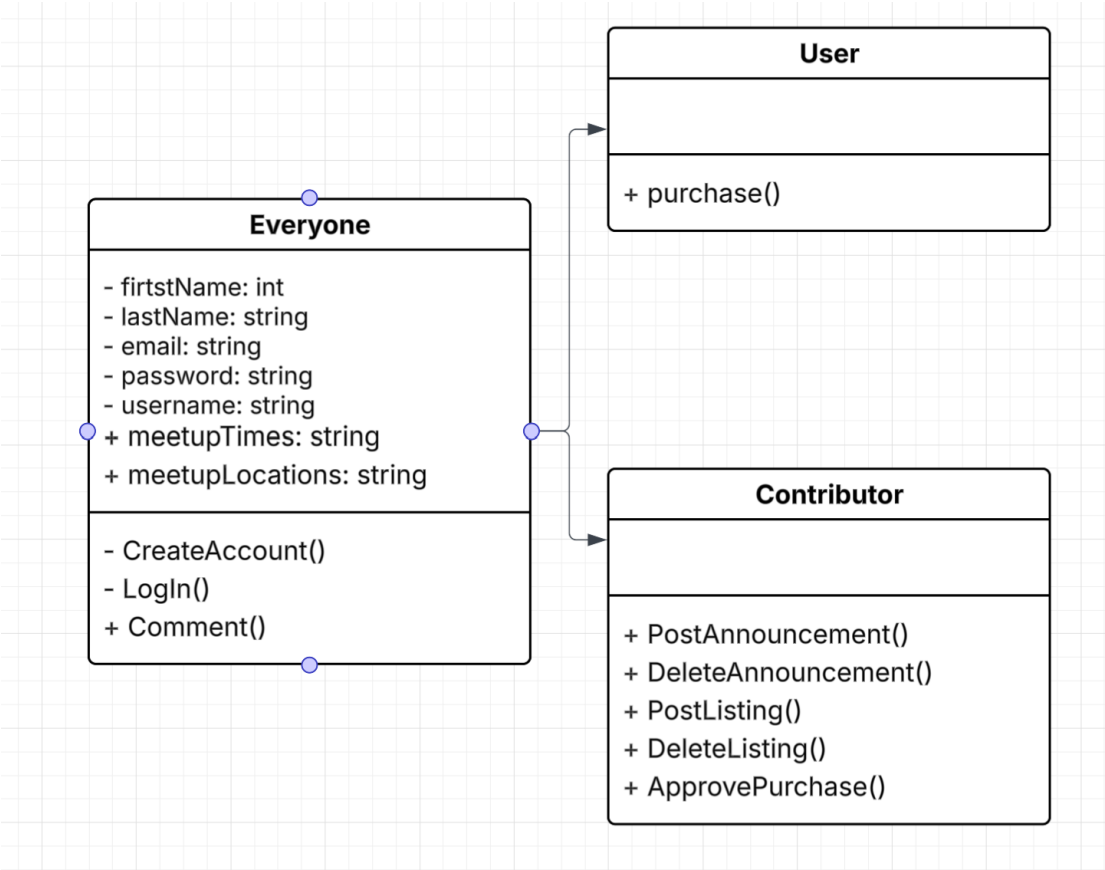
Group Outcomes

- Sprint goal, product backlog tasks and volunteers are in the excel spreadsheet
- SMART sprint goal: Create the shop page, work on themeing, and create a way for users to add and delete post
- Burndown Chart (Talk to you about making it better and will be updated by next sprint)
  - 
- UML Diagram



Member participation

Scrum Meeting Notes

2/25 standup

- Revise product backlog
- Make goals for next sprint
- Work on community page
- Make to do list for community page
- Sylvia work on front end and Kaylee work on backend

2/27/26 standup

- Sylvia was sick so no standup

3/4/26 standup

- Doing shop page instead because sylvia accidentally did the shop page
- Kaylee will be working the backend components for the shop
- Sylvia completed the styling and setup for the shop add
